November 2020

PURPOSE

During the last accreditation cycle, the WASC visiting team suggested San Diego Continuing Education (SDCE) look to the official name of our institution to better explain the size and scope of the institution. This fall, the SDCE community engaged in discussions around adding “college” to the official name of our institution to reflect educational offerings and programs available to adults, and to elevate community understanding of what SDCE is and does within the community college system. This poll will provide further clarity as to the opinion of SDCE employees.

METHODOLOGY

PRIE conducted online survey data collection in November 2020 (11/01/2020 – 11/09/2020). A total of 1,188 SDCE employees were emailed one survey invitation followed by two reminders. A total of 324 surveys were completed (27% response rate).
